Re: Memorializing the United States Senate to Pass, and President Barack Obama to Sign, Senate Bill S.1169 to Amend the Juvenile Justice and Delinquency Prevention Act of 1974

Honorable Legislators:

In 2014, there were an estimated one million arrests in the United States of people under the age of 18. Juvenile delinquency is a clear problem that must be mitigated to prevent children in our community from falling into the juvenile justice system. The Juvenile Justice and Delinquency Prevention Act of 1974 (JJDP) has been one of the most successful standard-setting statutes at the federal level for preventing juvenile delinquency. It supports delinquency prevention programs to improve state and local juvenile justice systems, a juvenile planning and advisory system in all states, and the operation of the Justice Department’s Office of Juvenile Justice and Delinquency Prevention (OJJDP).

The JJDP of 1974 has been due for reauthorization since 2007. Senate Bill S.1169, the Juvenile Justice and Delinquency Prevention Reauthorization Act, is a bipartisan bill that would reauthorize the JJDP. In addition, it would enhance requirements for separating juveniles from contact with adult lock-ups, provide for the allocation of grant funding based on census data, and expand state plan requirements for delinquency prevention through community-based alternatives to juvenile detention and enhanced mental health and substance abuse screening.

S.1169 would also require the OJJDP to report annually on policies and procedures to eliminate dangerous practices in the detention of juveniles and establish a uniform method of data collection and technology for evaluating juvenile delinquency data on an annual basis.

It is crucial that we stay committed to preventing children and youth from becoming involved in the juvenile justice system. If they do become involved in the system, they must receive high standards of care. The reauthorization of the JJDP is an important step to preventing children and youth from facing the system and ensuring that children who do are treated in an equitable manner.

Re: **Memorialize the New York State Assembly to Pass, and Governor Andrew M. Cuomo to Sign, A09189, an Act to Amend the Vehicle and Traffic Law, in Relation to Operators of a Vehicle Overtaking a Bicycle from Behind**

Honorable Legislators:

Twenty-six states across the country have enacted legislation to help make roads a safer place for pedestrians, cyclists, and motorists. This legislation, known as the “Three Feet Law,” ensures the safety of cyclists by requiring that a person operating a motor vehicle must pass a person riding a bike at a distance of no less than three feet.

This proposed legislation amends Vehicle and Traffic Law 1122-a. entitled Overtaking a Bicycle. Currently, it states that a motorist passing a cyclist on the same side of the road must pass them on the left “at a safe distance until safely clear thereof.” This amendment would change the language from “a safe distance” to a “distance of not less than three feet until safely clear thereof.” This amendment would also add the clause, “The collision of a motor vehicle with a person operating a bicycle is prima facie evidence of a violation of this section.”

Changing this law removes the vague language and difficulties with enforcement associated with it. Bicyclists, motorists, and law enforcement will have a clear sense of what is safe when it comes to sharing the road with others. This simple change of language will save lives and help reduce crashes. Twenty-six states have already passed similar legislation and have made their roads a safer place for motorists and cyclists.

This bill has already been introduced to the New York State Senate and has passed with bipartisan support. Therefore, I urge you to join me in calling on the New York State Assembly to pass, and Governor Andrew M. Cuomo to sign, Assembly Bill A09189, requiring a person operating a motor vehicle pass a cyclist at a distance of no less than three feet.

Re: Memorialize the New York State Assembly to Pass, and Governor Andrew M. Cuomo to Sign, Same-As Legislation of S. 1963, Relating to Inmates Completing Eighty Percent of Original Sentence for Parole Eligibility and Urging New York to Provide Law Enforcement with the Authority to Arrest for Parole Violations

Honorable Legislators:

On August 19, 2015, a drive-by shooting at the Boys & Girls Club on Genesee Street rocked our community with the killing of three people and the injuring of another four. One of the convicted shooters, Johnny Blackshell, was out on parole having served less than a year of his two-year sentence.

In our justice system, sentences are passed down by a judge after fair trial and careful deliberation by a jury of one's peers. To ignore this process and arbitrarily cut months or years off of a sentence creates an unnecessary danger to the residents of our communities. Far too often individuals out on parole, especially those who were incarcerated for violent crimes, return to the behaviors that placed them behind bars in the first place. This unfortunate lesson was learned that night in August of 2015, but was not an uncommon occurrence. In 2014 alone, 441 parolees were arrested for violations in Monroe County. Violent criminals that have been judged to belong behind bars should remain there, and New York State is considering legislation that would do just that.

Senator Joe Robach has introduced legislation that would amend current rules for parole, extending the mandatory time served for violent felons from two-thirds of their sentence to eighty percent of their sentence. Amending the current law will not only keep violent offenders off the streets, but also aide parole officers whose resources are strained due to the number of parolees they must monitor on a daily basis.

S. 1963 has already passed the New York State Senate but awaits action by the Assembly before it can reach the Governor's desk. Therefore, we ask that you join us in memorializing the New York State Assembly to pass, and Governor Andrew M. Cuomo to sign, same-as legislation to S. 1963 to increase the sentence length served for violent offenders before they are eligible for parole.

Additionally, it has become an even greater issue locally that law enforcement officials be provided the information and authority to arrest individuals based on their parole status. We know of several instances where local police departments have caught individuals in circumstances in

violation of their parole conditions. Unfortunately, because they must summon a parole officer to the scene to enact an arrest, they were required to release the offending individual to repeat their bad actions without the ability to do anything to stop it.

We must provide law enforcement with the ability to know the precise conditions of parole for previously convicted criminals and then provide them with the authority to conduct arrests of these individuals.

Therefore, we urge the Legislature to join us in memorializing the New York State Legislature and Governor to provide parole condition information to law enforcement officers and provide them with the authority to make arrests based on this information.

Re: Memorialize the United States Congress to Pass, and President Obama to Sign, H.R. 3011 “Kate’s Law”

Honorable Legislators:

One of the founding ideals of the United States is that we are a nation of immigrants, descendants of those who traveled from all over the world with the hope of finding a better life on these shores. Through the years, immigrants have positively influenced our country in the areas of science, government, education, business and many more. The United States is an appealing destination due to the rights guaranteed to its citizens, and the ability to pursue a life of liberty and happiness. Our public’s safety is paramount among these rights, and it is imperative that communities do everything within their power to ensure that safety for their residents. Keeping criminals off the streets and preventing further crimes is the basis for a bill currently being considered by the House of Representatives, and has a tragic and preventable story behind it.

Kathryn Steinle was shot and killed on July 1st, 2015 in San Francisco, California by an undocumented immigrant named Juan Francisco Lopez-Sanchez. Mr. Lopez-Sanchez had been deported on five previous occasions, and had seven prior felony convictions for crimes including heroin possession and manufacturing narcotics at the time of the shooting. With an extensive record like his, it is clear Mr. Lopez-Sanchez should not have been in the country at the time of the shooting. However, San Francisco’s status as a “sanctuary city” means that federal immigration rules are subverted by local authorities, whose primary focus should be to protect and serve the residents of their city.

To that end, U.S. Immigrations and Customs Enforcement (ICE) issued a detainer on Mr. Lopez-Sanchez, stating that he should remain in custody for an outstanding warrant until authorities could deport him for a sixth time. This order to detain was ignored, and allowed for his release. Officials from both sides of the aisle have strongly condemned the City of San Francisco’s action to not obey the ICE detainer, including former San Francisco Mayor and current California Senator Diane Feinstein.

Action to prevent municipalities from receiving grant funding if they subvert federal immigration law has already passed the House, but stronger penalties are also needed to keep criminals like Mr. Lopez-Sanchez off the street. Kate’s Law would instate a mandatory five-year sentence for any instance of illegal reentry into the United States.

This measure would be crucial to ensure the continued safety of residents in every community around our country. Therefore, I urge you to join me in memorializing the United States Congress to pass, and President Barack Obama to sign, H.R. 3011 known as Kate's Law.

RE: Memorializing the New York Senate to Pass S7041 and New York State Assembly to Pass A09186 – An Act to Prohibit the Sale of Crib Bumper Pads and the Restriction of the Use of such Pads in Certain Settings

Honorable Legislators:

The American Academy of Pediatrics and the American SIDS Institute have both issued warnings regarding the dangers of crib bumper pads and have urged parents not to use them. The National Institutes of Health and The Canadian Paediatric Society also recommended against their use. Bumper pads pose a risk of death or serious injury because babies can become caught in the fabric and suffocate.

The Journal of Pediatrics recently published a study to assess whether clutter (comforters, blankets, pillows, toys) caused bumper deaths. The study revealed that 23 babies died between 2006 and 2012 from suffocation associated with the use of crib bumper pads. This is an increase that is three times higher than the number of deaths attributable to crib bumper pads which were recorded in the three previous six year time spans. From 1985 through 2012, 48 babies died as a result of having bumper pads in their cribs. In addition, 146 babies sustained serious injuries from crib bumper pads during this 27 year period. These injuries included choking on the bumper pad ties or nearly suffocating.

Prohibiting the sale of crib bumper pads would quiet any confusion as to their safety, and would help avoid preventable infant deaths. New York must join the states of Illinois and Maryland that have enacted legislation banning the sale of crib bumper pads.

Therefore, we urge you to join us in memorializing the New York Senate and the New York State Assembly to pass S7041 and A09186 respectively– An Act to Prohibit the Sale of Crib Bumper Pads and the Restriction of the Use of such Pads in Certain Settings

Re: Restoring Transparency and Accountability to the Monroe County Budget

Honorable Legislators:

The fiscal year for Monroe County begins on January 1 and ends on December 31. Prior to 2006, the County Executive was required to submit the proposed Monroe County Budget to the Legislature on or before the second Tuesday in October. The budget must pass the Legislature by mid-December to go into effect January 1st. This timeline allowed taxpayers the opportunity to review the budget and comment at the public hearing. It also allowed residents the necessary time to review the fiscal picture, hold the County Administration accountable, while advocating for amendments through their legislators. Within this brief window, taxpayers learn what the property tax rate will be and what programs may see spending increases or funding cuts.

In 2006 a proposal was submitted by the President of the Legislature, asserting that a rule change was essential to "take politics out of the budget process." However, this policy change has eliminated *transparency* and *accountability* from the budget process. Moving the county budget release date to mid-November limits the opportunity for public review prior to voting and permits county officials to evade accountability. Monroe County voters go to the polls without having pertinent budget information necessary to make an informed choice. Taxpayers don't know until after elections if their representatives supported or objected to a tax increase or cut, which subverts the process of open government.

Releasing the county budget to the Legislature and public as early as possible is good, open government. It provides the time and opportunity for public comment, vigorous legislative debate, taxpayer protection, fiscal responsibility, transparency of government and accountability.

Therefore, we propose that this Honorable Body enact a local law to amend the Monroe County Administrative Code & Charter to change the budget deadline submission date to the second Tuesday in October.

The specific legislative actions required are:

1. Schedule and hold a public hearing on this proposed local law.
2. Enact a local law amending the Monroe County Administrative Code & Charter, as attached.

This proposed local law shall have no impact on the revenues and/or expense of the 2017 Monroe County Budget. This proposed local law shall change only the budget submittal date and shall not be construed to directly alter any expenses and/or revenues contained in such budget.

been adopted as submitted by the Legislature to the County Executive. All actions to be performed within a forty-eight-hour period shall be performed within 48 hours regardless of whether the forty eight-hour period expires upon a Saturday, Sunday, or holiday.

If a timely statement by the County Executive objecting to one or more of such changes is received by the Clerk of the Legislature, the County Legislature shall have a period of 48 hours to reconsider such changes in accordance with the procedure set forth in Subsection D above. If the County Legislature fails to meet or fails to reconsider the changed items objected to by the County Executive within said forty-eight hour period, the budget, as submitted by the County Executive with the changes made by the Legislature which have not been objected to by the County Executive, shall be deemed to have been adopted.

G. If not formally adopted by the County Legislature, any appropriation or other resolution required to make the budget legally effective shall be deemed to have been adopted by the Legislature as of the date of the final adoption of the budget pursuant to the procedures set forth above. The Legislature shall provide for the raising of the taxes required by such budget in the manner and within the time prescribed by this Charter and other applicable law.

H. Upon adoption of the annual budget, the County Legislature shall forthwith, as its next item of business, adopt such resolutions authorizing the issuance of obligations or other financing resolutions as may be necessary to authorize the financing of capital projects contained in the capital budget for the ensuing fiscal year. Only those capital projects for which such resolutions authorizing the issuance of obligations or other financing resolutions have been adopted and those capital projects included in previous capital budgets for which increases in financing have been authorized by the Legislature shall be deemed to be included in the adopted capital budget for the ensuing year.

Section 6. This local law shall take effect in accordance with the provisions of Section 21 of the Municipal Home Rule Law and immediately upon filing in the office of the Secretary of State as provided for in Section 27 of the Municipal Home Rule Law.

SUBJECT: Addition of Eight Parcels to Three Monroe County Agricultural Districts

Honorable Legislators:

Article 25AA Section 303-B of the NYS Agriculture and Markets law allows additions to established agricultural districts prior to the normal eight-year review date. The Law also requires the county agricultural and farmland protection board to review the proposed additions to the district(s) and make recommendations on the proposal to the legislative body. Resolution number 48 of 2016 adopted by Your Honorable Body directed the Agricultural and Farmland Protection Board to review and make recommendations on additions to the district(s).

Therefore, in accordance with Article 25AA, we are pleased to transmit this report concerning our review, findings, and recommendations on the following eight parcels from five landowners to be included in the following agricultural districts:

- 1) Southwestern Agricultural District #2: 15 Parish Road, Town of Riga, consisting of 48.25 acres, tax account number 142.03-1-1, owned by Michael Bell.
- 2) Northwestern Agricultural District #5: 2923 Redman Road, Town of Clarkson, consisting of 1.9 acres, tax account number 039.01-1-2, owned by D.P. Brightly.
- 3) Northwestern Agricultural District #5: 1196 Walker Lake Ontario Road, Town of Hamlin, consisting of 81.8 acres, tax account number 022.02-2-20, owned by D.P. Brightly.
- 4) Northwestern Agricultural District #5: 350 Drake Road, Town of Hamlin, consisting of 46.5 acres, tax account number 020.04-1-10.11, owned by D.P. Brightly.
- 5) Northwestern Agricultural District #5: 415 Drake Road, Town of Hamlin, consisting of 58.6 acres, tax account number 020.04-1-8, owned by D.P. Brightly.
- 6) Northwestern Agricultural District #5: 1300 Roosevelt Highway, Town of Hamlin, consisting of 5.9 acres, tax account number 031.01-1-24, owned by JDP Lands LLC.

7) Northwestern Agricultural District #5: 660 Redman Road, Town of Hamlin, consisting of 89.88 acres, tax account number 005.03-1-19, owned by Solomon's Choice LLC.

8) Eastern Agricultural District #6: 1396 Rush-Henrietta TL Road., Town of Henrietta, consisting of 56.82 acres, tax account number 202.02-2-58, owned by Gregory Hartt and Jenney Stringer.

Based on telephone interviews with landowners, analysis of USDA soil maps, and site visits, the Board has determined that these parcels are comprised of predominantly viable agricultural land and inclusion of these parcels into an agricultural district would serve the public interest by assisting in maintaining a viable agricultural industry within the respective municipalities.

The specific legislative action required is to authorize the County Executive, or her designee, to execute an intermunicipal agreement, and any amendments thereto, with the Spencerport Central School District, for the purchase of fuel for vehicles of the Monroe County Sheriff's Office, for the period of September 1, 2016 through August 31, 2017, with the option to renew for three (3) additional one-year periods, at the rate of ten cents (\$.10) per gallon above the New York State contract price.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

Funding for this agreement is included in the 2016 operating budget of the Sheriff's Office, fund 9001, funds center 3803040000, Sheriff Road Patrol C Zone, and will be requested in future years budgets. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Listed below is pertinent information from an application for the refund of property taxes. The Real Property Tax Service Agency has the original application and support material available for review if needed. I am recommending the correction and refund of these Monroe County taxes because the same is erroneous. Listed below is the applicant's name, address, property location, tax year(s), tax account number, refund amount and reason for correction.

Town of Greece: Lori L. Cusimano, 82 Haskins Lane North, Hilton, NY 14468 Property location: 82 Haskins Lane North. Tax Account No. 033.02-4-6 requires a \$3,321.48 refund for tax year 2016. Due to a clerical error the limited income disability exemption was omitted from the 2015 final assessment roll. This omission resulted in an incorrect school and town and county tax bills.

Town of Gates: Gates Senior Housing Inc., 505 Mt. Hope Avenue, Rochester, NY 14620 Property location: 124-180 Dalaker Drive. Tax Account No. 118.18-1-7./LEAS requires a \$15,996.15 refund for tax year 2016. Due to a water leak outside of the building an incorrect consumption amount was utilized to calculate the sewer O/M charge.

The necessary procedure to be followed by the Monroe County Legislature regarding this refund is for that body, by resolution, to approve this application, to authorize and direct the Controller to draw an order on the Director of Finance payable from the Erroneous Assessment Account for the heretofore stated sums and to authorize and direct the County Director of Real Property Tax Services to mail a duplicate copy of the approved application to said taxpayer.

Subject: Amend Resolution 171 of 2011 to Amend and Increase the Contract with Western New York Medical Practice, P.C. for Sheriff's Employees' Medical Services

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Patrick M. O'Flynn.

I recommend that Your Honorable Body amend Resolution 171 of 2011 to amend and increase the contract with Western New York Medical Practice, P.C., for the purpose of providing Sheriff's employees with medical services, to an amount not to exceed \$130,000 per year, beginning with May 1, 2015 and terminating April 30, 2017.

Resolution 171 of 2011 authorized Boris Shmigel, M.D. to provide these services. Dr. Shmigel, thereafter, assigned his rights under the contract to Western New York Medical Practice, P.C. and the County consented pursuant to a written Assignment and Consent to Assignment of Agreement dated May 1, 2015.

The reason for the increase in the amount of the contract is the Sheriff's physician had to perform more physicals for recruits than previously anticipated due to the number of academies. The Monroe County Sheriff's Office anticipates an increase in physicals for 2016-2017 for the same reason. Additionally, MCSO processed several lateral candidates for potential hiring and each of those candidates also required a complete physical. Due to the increase in the number of physicals, the amount of money paid for medical services was significantly higher than in previous years.

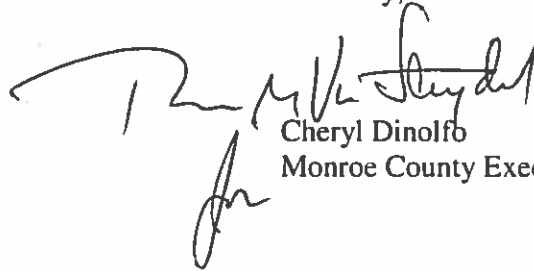

The specific legislative action required is to amend Resolution 171 of 2011 to amend and increase the contract with Western New York Medical Practice, P.C., 1425 Portland Avenue, Rochester, New York 14621, for the purpose of providing Sheriff's employees with medical services, to an amount not to exceed \$130,000 per year, beginning with May 1, 2015 and terminating April 30, 2017.

Environmental assessments were completed for this action, and it was determined that there would be no significant effect on the environment.

Funding for this agreement is included in the 2016 operating budget of the Sheriff's Office, fund 9001, funds center 3806010000, Staff Services. No additional net County is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.
