**Re: Memorializing the New York State Legislature to Oppose the Proposed Amendment of the Municipal Home Rule Law Regarding Countywide Shared Services Property Tax Savings Plans Within Assembly Bill A. 3003, Which Imposes Burdensome Regulations on Counties to Submit Consolidation Plans to Receive State Aid**

Honorable Legislators:

As County Officials, one of our fundamental duties is to oversee and expedite economic development in a manner that is efficient and receptive to our taxpayer's needs. While we have consistently focused our attention on holding the line on property taxes for our residents, there is only so much that we can do beyond the limitations of state mandates. The New York State Association of Counties has recognized that unlike most counties in other states, these imposed mandates require more than \$12 billion annually in locally raised taxes that are then used by the state in lieu of state raised taxes to pay for state programs and initiatives. It is for this reason—using local revenues to subsidize the State Budget, that property taxes in New York are the highest in the nation.

While Monroe County's budget has continued to be in compliance with the New York State Property Tax Cap, we, as County Officials, do not see the benefit in implementing an amendment to the Municipal Home Rule Law that would foster increased and unnecessary voting costs, and do nothing to address the real issue—unfunded or underfunded state mandates. In Monroe County alone, state mandates make up 85% of the 2017 operating budget. Even with the adoption of this proposed amendment, property tax rates in Monroe County would fail to noticeably diminish without real state mandate reform. Additionally, under this amendment, counties would lose state funding if found to not have had submitted a consolidation plan in a referendum for county residents to vote on.

Thus, we must shift our attention to the real concern that drives up local property taxes and limits the ability of county officials to control their own budget. Governor Cuomo, by

Office: (585) 753-1922 • Office: (585) 753-1940

adding another layer of bureaucratic control, is choosing to deflect the real issue concerning New York State property taxes and incorporate an amendment that would delay the budget process and limit our ability to pay for county programs and initiatives.

Therefore, we urge you to join us in calling on our State Legislators to oppose the proposed amendment of the Municipal Home Rule Law regarding countywide shared services property tax savings plans, and urge the state to provide fiscal relief for a portion of the local taxes that are committed to state mandated programs.

**Re: Memorializing the New York State Legislature to pass, and Governor Andrew M. Cuomo to sign, Assembly Bill A01903 Regarding Reimbursement of Indigent Legal Service Costs to Counties Statewide**

In 1965, legal defense for those unable to afford it was delegated to the counties by the State of New York. Placing this responsibility at the county level has created an undue burden on local taxpayers.

Due to the financially crippling impact of the costs of indigent legal services, the Public Defense Mandate Relief Act was introduced. This was a bi-partisan bill that would have strengthened the criminal justice system, as well as provide taxpayer relief locally. Unfortunately, on December 31, 2016, Governor Andrew M. Cuomo vetoed this bill, saying that the bill was only shifting costs from county to state government.

In January of this year, the New York State Assembly proposed an act that would, "amend the county law, the executive law and the state finance law, in relation to indigent defense services." The bill provides a schedule for reimbursement to counties statewide beginning with 25% reimbursement in 2018 and reaching 100% state reimbursement by 2024. The impact of the passing of this bill would be a great help to counties who are struggling to cover costs of indigent legal services.

Therefore, we ask you to join us in calling on the New York State Legislature to pass, and for Governor Andrew M. Cuomo to sign, Assembly Bill A01903 which would provide for the reimbursement of counties for indigent legal services.

**Re: Memorializing President Donald J. Trump To Take Action To Reverse the International Joint Commission Vote Approving the Lake Ontario Water Level Proposal Known As "Plan 2014"**

This past December the International Joint Commission (IJC) passed the Lake Ontario water level proposal known as "Plan 2014". This plan is designed to regulate Lake Ontario's water level closer to a natural cycle with an increase in the maximum water level of 2.4 inches and a maximum decrease of 8 inches. Unfortunately what this plan also contains are tremendous negative effects for the 37 miles of Lake Ontario shoreline in Monroe County and Irondequoit Bay containing public parks, small businesses, marinas, and private homes.

The IJC consists of 6 commissioners, three each from the United States and Canada. Despite the United States having one unfilled seat, the IJC voted to approve the plan. Each country then needed their President/Prime Minister to approve the plan. In an end of term move, President Barack Obama approved the action with little consideration for its impact on the Monroe County shoreline.

With the only United States IJC office located in Washington D.C. little interaction took place with local governments regarding Plan 2014 and its potential consequences. The Monroe County Legislature was never formally shown the plan and the last public hearings that took place in our area were in July of 2013, located in Lockport and Williamson.

While Plan 2014 has good intentions, it has not thoroughly addressed for the potential fallout of drastically changing the shoreline characteristics of Lake Ontario. Plan 2014 fails to outline any mitigation strategy or funds for high risk portions of the shoreline. For example the Irondequoit Bay Inlet, or Sodus Point in Wayne County, are susceptible to flooding. A water level increase of 2.4 inches can have a tremendous effect on erosion of the shoreline.

Two times in 2016 there have been shoreline breaches at Sodus Bay and Port Bay to the east of Monroe County. The threat of flooding extends far past shoreline private property damage. Monroe County owns and operates significant water, sewer, road, bridge, and park infrastructure along the Lake Ontario shoreline. Even a slight water level rise could create significant damage to these assets with repair costs that will fall on Monroe County taxpayers.

Because of these issues on May 9, of 2016 a Memorializing Resolution signed on by 24 Legislators was presented in May of last year, opposing Plan 2014 until issues like shoreline erosion and damage mitigation are addressed.

Therefore, we urge you to join us in calling on President Elect Donald J. Trump to reverse and oppose Plan 2014, until changes are included addressing the substantial threat to shoreline residents, infrastructure, and amenities.

**Re: Memorializing the New York State Legislature to Reform the Home Rule Revenue Process by Extending the Authorization Period from Two Years to Four Years**

Honorable Legislators,

New York Counties are continually facing budgetary challenges because of costs imposed by the State government. Counties are paying for and implementing over 40 state mandated programs. These programs account for a significant majority of county budgets.

While the mandated programs required by the state are necessary and important, implementing them makes it difficult for county governments to balance budgets and maintain the goals of the state imposed tax cap. This property tax cap limits the amount that counties can raise revenues. These revenues are crucial to apply the state mandated programs, as well as to deliver other necessary services that are important in local communities.

Other local governments also feel the impacts of New York State mandated programs. City, village, and town governments share the local sales tax with county government. This helps to lower the amount of property taxes levied and to help pay for the services mandated by the State.

New York State requires sales tax extender renewals every two years. The frequency of these renewals leads to additional costs to counties as well as increased administrative effort to process the necessary paperwork.

To improve this system, renewals for local sales tax extenders should only be required of counties every four years. This would decrease the amount of unnecessary spending to meet State standards by counties, as well as the work load for county staff. Doing so would still allow for state legislative review. Also, it would cut administrative expenses and processing effort in half. This would provide for financial savings at both county and state levels.

Therefore, I ask you to join me in urging the New York State Legislature to change the frequency of these sales tax renewals from every two years to every four years.

**Re: Memorializing Governor Andrew M. Cuomo and the New York State Legislature to Allocate Funds and Resources to Local Municipalities that Express Interest in the U.S. Census Bureau Local Update of Census Addresses (LUCA) Program**

Honorable Legislators:

The U.S. Census Bureau's Local Update of Census Addresses Program (LUCA) is the single opening for local municipalities to assure an accurate decennial census count for their communities. Accuracy of the decennial census is imperative for the federal government to efficiently and equitably allocate more than \$400 billion annually in funds for programs and services.

Every decade, the Census Bureau relies on a complete and valid compilation of addresses to provide an adequate representation of all federal, state, and local jurisdictions. The data from the Census Bureau is then used for a variety of reasons: draw congressional and state legislative districts, enact voting rights and civil rights legislation, distribute federal dollars to states, and apprise federal, state, and local government planning decisions.

With assistance from New York State, local officials acting in the best interest of their constituents will be encouraged to take part in the U.S. Census Bureau's Local Update of Census Addresses Program because of its potential to significantly impact communities. Given the opportunity to review and comment on the residential address list, local municipalities can ensure that all those represented are included in the Census data.

Therefore, I urge you to join me in calling on Governor Andrew M. Cuomo and the New York State Legislature to distribute funds to local municipalities interested in the

U.S. Census Bureau Local Update of Census Addresses (LUCA) Program.

**Re: Memorializing the New York State Parole Board to deny Judith Clark's  
request for Parole**

Honorable Legislators:

Criminals that have participated in any crime that results in the death of a law enforcement officer should not subject to a full or partial commutation of their sentence. Judith Clark played a vital role in the 1981 Brinks robbery that took place in Nyack, New York. This vicious crime left two police officers and a Brinks security guard dead. Granting a parole hearing for Judith Clark, who was found guilty of three counts of felony murder, is not only extremely disrespectful to the families of the fallen officers but also for law enforcement everywhere. While on trial, Ms. Clark showed zero sympathy or remorse for the crimes she committed. It is my belief that the New York State Parole Board should deny Judith Clark's request for parole.

Late last year, Governor Andrew Cuomo granted a partial commutation, making Judith Clark eligible for parole later this year. This sparked uproar amongst many police departments, citizens, and State lawmakers including Senator Patrick Gallivan and Assemblyman Peter Lawrence. Governor Cuomo, who prides himself on being strict with clemencies, has shown a critical lapse of judgement. Judith Clark served a crucial role in a vicious crime that left two police officers and a security guard dead; giving her the opportunity to be released poses a danger to the public. She should continue paying her debt to society for the crimes she was involved in not only as a reminder to herself, but also to deter others from committing such violent crimes.

Law enforcement officers risk their lives daily. It is unjust to let criminals involved in crimes that injure or kill a law enforcement officer have a parole hearing as a result of a partial commutation. Governor Cuomo's action circumvents the judicial process. I ask you to join me in memorializing the New York State Parole Board to deny Judith Clark's request for parole. Together, we can ensure that Judith Clark remains incarcerated for her involvement in the 1981 Brinks robbery that left two police officers and a Brinks security guard dead.

**Re: Memorializing the New York State Legislature to Pass and Governor Andrew M. Cuomo to Sign Senate Bill S02723 Regarding the Prevention and Maintenance of Asthma and Other Respiratory Diseases**

Honorable Legislators,

Asthma and other related respiratory diseases are, in many cases, life-threatening. Asthma is catalyzed and worsened by a number of factors, such as smoking and exposure to certain hazardous chemicals. Being that so many outside effects can trigger asthma attacks, it is safe to say that diseases of the respiratory system can be very frightening. Because of this, it is important that teachers and other officials in public places be cognizant of those with asthma and also be aware of any causes and how to alleviate the effects.

Senate Bill S02723 has been proposed to address both the prevention of asthma, as well as the improvement of quality of life for those living with asthma. This bill provides for the education of teachers and school officials on awareness of someone having an asthma attack. The bill would allow for students to have access to inhalers or nebulizers in schools. It would work to decrease the exposure of second hand smoke in public areas. Related to smoking, as well, the bill provides for education for pregnant mothers about the damaging impact of smoking during pregnancy. The bill limits the use of some toxic chemicals and pesticides that are known to aggravate asthma and respiratory illnesses in public places.

Because of the life-threatening nature of respiratory disease, it is important that legislation be enacted to prevent a decline in quality of life for those living with asthma. Providing education, medication, and implementing preventative measures are important to the safety of people in the community with asthma. Therefore, I ask you to join me in urging the New York State Legislature to pass, and Governor Andrew M. Cuomo to sign, Senate Bill S02723, enacting provisions to curtail the incidence of asthma and other respiratory diseases.

**Re: Calling on the House & Senate to Oppose Executive Order entitled "Protecting the Nation from Foreign Terrorist Entry into the United States".**

Honorable Legislators:

On Friday, January 27, 2017, an Executive Order titled "Protecting the Nation from Foreign Terrorist Entry into the United States" was issued by President Donald J. Trump. This Order suspends the U.S. Refugee Admissions Program (USRAP) for 120 days, which will block the entry of all refugees to the U.S. Not only that, it blocks Syrian refugees indefinitely and bars entry into the United States for 90 days for citizens of seven countries of predominately Muslim faith. In addition, green card holders from those seven countries (Iran, Iraq, Libya, Somalia, Sudan, Syria and Yemen) are prohibited from re-entering the United States. The provision suspending refugees includes people from all countries, not just the 7 previously listed. All told, this Executive Order bans roughly 218 million people from entering the U.S.

We, the undersigned, oppose this Executive Order because it is illegal and un-American. The Immigration and Nationality Act of 1965 banned all discrimination against immigrants on the basis of national origin. We also believe it violates the Fifth and Fourteenth Amendments of the Constitution, as well as the U.S. Code § 1152 which states "no person shall receive any preference or priority or be discriminated against in the issuance of an immigrant visa because of the person's race, sex, nationality, place of birth, or place of residence."

Even though a federal judge put a nationwide block on this Executive Order on February 3, 2017, and the White House immediately filed an appeal, we find it urgent to make this request. Therefore, we petition our federal representatives to vigorously oppose and take action to rescind the President's Executive Order on immigration. The plaque at the base of the Statue of Liberty reads: "Give me your tired, your poor, your huddled masses yearning to breathe free, the wretched refuse of your teeming shore. Send these, the homeless, tempest-tossed to me; I lift my lamp beside the golden door!" This is a motto we should continue to uphold as a point of American pride.

**Re: Calling on the House of Representatives and United States Senate to Oppose  
Executive Order 13767 Entitled 'Border Security and Immigration Enforcement  
Improvements'**

Honorable Legislators:

Recently President Donald Trump signed an Executive Order entitled 'Border Security and Immigration Enforcement Improvements.' While the title indicates a worthy goal, the details of this executive order fall woefully short of responsible governance.

Improving border security is an ongoing process and certainly we need to ensure our border patrol agents have the appropriate tools to do their difficult and often dangerous job. Including the hiring of five thousand additional border agents could have a positive effect in stopping attempted illegal border crossings. Sadly, an important qualifier is also included in this order stating 'subject to available appropriations' which means it may never come to pass.

Furthermore, and most egregiously, this order calls for the construction of a 'contiguous, physical wall or other similarly secure, contiguous, and impassable physical barrier.' The idea of an impassable physical barrier is ludicrous on its surface. Physical border walls and defenses such as the Maginot Line in France and the Berlin Wall in Germany have proven unable to stop the flow of people and threats between countries. Not only are the strategic benefits dubious, the cost to build such a structure should shock even the most staunch border wall supporter. Estimates have varied but House Speaker Paul Ryan has quoted the price in the \$12 to \$15 billion range. It was previously promised that Mexico would pay for the wall but it has since been revealed that the American tax payers will pay for it, possibly by a tariff on all goods entering the United States from Mexico. This order is silent on how the border wall would be paid for and should be opposed on those grounds alone.

Honorable Legislators:

I recommend that Your Honorable Body approve the Public Employees Blanket Bond as the official undertaking of the Genesee/Finger Lakes Regional Planning Council (G/FLRPC).

Monroe County has appropriated the sum of \$29,989 as its share of the 2017 operating funds of the G/FLRPC. In a concurrently submitted referral, I am requesting authorization to make the annual contribution. Pursuant to Section 119-00 of the General Municipal Law of the State of New York, Monroe County is authorized to provide for the payment of such appropriations to an officer of the agency designated by the agency to receive such monies provided that such officer shall have executed an official undertaking approved by the County Legislature. The G/FLRPC has designated David S. Zorn, Executive Director of the Council, as the officer to receive payments of such monies. G/FLRPC has secured a Public Employees Blanket Bond, issued by National Grange Mutual Insurance Company, providing faithful performance blanket bond coverage for officers and employees of the G/FLRPC in the amount of \$500,000 (copy attached). Monroe County must approve such blanket bond as the official undertaking of G/FLRPC.

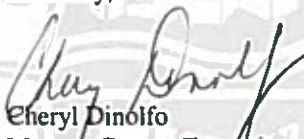

**The specific legislative action required is to approve the Public Employees Blanket Bond for the Genesee/Finger Lakes Regional Planning Council required pursuant to Section 119-00 of the General Municipal Law of the State of New York.**

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

This Public Employees Blanket Bond will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Honorable Legislators:

I recommend that Your Honorable Body authorize Monroe County's 2017 annual contribution to the Genesee/Finger Lakes Regional Planning Council (G/FLRPC), in the amount of \$29,989. This annual contribution is Monroe County's share of the G/FLRPC's operating budget and is based on a formula in the Operating Agreement, which specifies the contribution of each of the nine member counties according to population.

The member counties of the G/FLRPC agree each year on an operating budget for the G/FLRPC. The budget is funded from the county contributions and supplemented with grants for such activities as water resources planning, demographic analysis, economic development coordination, and other special projects. This is the forty-sixth year the County has contributed to G/FLRPC. This year's contribution is the same amount as last year.

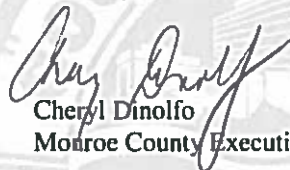

**The specific legislative action required is to authorize the payment of Monroe County's 2017 contribution to the Genesee/Finger Lakes Regional Planning Council in the amount of \$29,989.**
