AGENDA/CHARTER

Subject: Enacting a Local Law Requiring Motorists to Provide a Minimum of Three Feet of Space When Passing a Bicycle Rider

Honorable Legislators:

Thousands of Monroe County residents ride bicycles for their primary mode of transportation, exercise or recreation. This bi-partisan legislation increases protection for bicyclists, who face unique dangers on the road.

During the years 2018 and 2019, state data indicates 321 bicyclists were injured in crashes with motor vehicles in Monroe County. One of the bicyclists struck by a passing vehicle was Carolyn "Carrie" Ray, a beloved teacher from Clarkson, who died tragically in 2019, as a result of her collision and for whom this bill is named. This Legislation, if enacted, would be known as "Carrie Ray's 3-Foot Passing Law to Protect Bicyclists" in honor of Carrie Ray.

This proposed legislation enacts a 3-foot minimum requirement for vehicles passing bicyclists on roadways. Thirty-three states have passing laws with distance guidelines of 3 feet or more. New York's law only requires a "safe distance" to pass bicyclists, which is too subjective. Suffolk County's Legislature, recognizing the need for a clear standard to ensure bicyclist safety, recently passed a 3-foot distance rule.

The main benefit of this legislation is that drivers would have clarity on what is a minimum safe passing distance and heightened awareness about how to safely pass bicyclists. Penalties exist in current law for unsafe passing.

This legislation recognizes that all of Monroe County's residents have a right to safely use our roads, whether they are on foot, bike, bus or car. Making our roads safer will lead to increased use of bicyclist infrastructure, outside exercise and activity, and enjoyment of living in Monroe County.

The specific legislative actions required are:

1. Schedule and hold a public hearing on the proposed local law.

2. Adopt the attached Local Law entitled, "Carrie Ray's 3-Foot Passing Law to Protect Bicyclists" as written.

The legislative action requested in this referral is not an "Action," as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

LOCAL LAW NO. ____ OF 2021

ENACTING A LOCAL LAW ENTITLED “THREE-FOOT SAFE PASSING LAW”

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. **Title.** This chapter shall be known as “Carrie Ray’s 3-Foot Passing Law to Protect Bicyclists.”

Section 2. **Legislative Intent.** This Legislature hereby finds and determines that it is the duty of Monroe County to protect the health, safety, and welfare of its residents. This Legislature also finds and determines that many Monroe County residents ride bicycles for exercise, recreation, and as a primary mode of transport. This Legislature further finds and determines that when riding on roads, cyclists are vulnerable to the actions of motor vehicle operators. This Legislature determines that vehicles passing bicyclists pose a threat to the health and safety of these bicyclists if passing too closely or from the right side of the road. This Legislature also finds that a minimum passing distance should be established to protect bicyclists in Monroe County. Therefore, the purpose of this law is to establish regulations to protect the health and safety of bicyclists in Monroe County.

Section 3. **Minimum distance requirements for motor vehicles passing bicycles.** The operator of a vehicle that is overtaking, from behind, a bicycle proceeding on the same side of the road shall pass to the left of such bicycle at a distance of at least three (3) feet until safely clear thereof.

Section 4. **Severability.** If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. **Effective Date.** This local law shall take effect in accordance with the provisions of the Municipal Home Rule Law and the Monroe County Charter.

**Re: Memorializing the New York State Legislature, Governor Andrew M. Cuomo to
Expand True Broadband Coverage to All New Yorkers**

Honorable Legislators:

It is far too common that access to the resources of the internet are taken for granted and given. For too many New Yorkers, this is not the case. According to Census data, nearly one-third of rural households and one-fifth of city households in Monroe County do not have adequate internet access.

Maps developed by the Federal Communications Commission (FCC) are inaccurate and misrepresent the accessibility of broadband service and are often mis-referenced by agencies and grantees. While Governor Cuomo has said broadband coverage is a priority for New York State, access is currently inequitable and unacceptable.

Based on newer and more accurate data gathered directly from schools, municipalities, and other organizations, there are large gaps in broadband service across rural and upstate New York, including Monroe County, contradicting FCC maps and data. Even in areas where broadband is purported to be available, the level of service is not sufficient to constitute true broadband access. Furthermore, prices for access to broadband in areas where it might be available is at such a high level or required to be part of other purchases that have effectively rendered the service inaccessible to large swaths of residents.

Our residents need access to reliable and affordable broadband service for school, employment, telehealth, and social aspects of life. Here in Monroe County, we have heard numerous accounts depicting the reality of inadequate and inequitable broadband access including parents and students sitting outside local libraries before opening simply to access the public Wi-Fi for school. As we have seen throughout the current pandemic, broadband serves a vital need for breaking down the digital divide that creates groups of haves and have-nots within our state, and county.

Broadband access provides a critical public infrastructure need for New York residents, towns, municipalities, counties, emergency services, and more. Therefore, I urge you to join us in calling upon Governor Cuomo and our State legislative delegation to work with the Federal Communications Commission (FCC) and local leaders and officials to reevaluate FCC broadband availability maps to reflect true broadband disparities.

Re: Memorializing the New York State Legislature to Pass and Governor Andrew M. Cuomo to Sign Legislation Increasing Funds to Local Municipalities for Early Intervention Services

Honorable Legislators:

The State of New York continues to face an Early Intervention crisis. There has been a decline in the number of service providers and service coordinators, which in turn has left many of children and families in our community at risk of not receiving critical services. Local municipalities are in dire need of State support to provide and bolster resources used to protect and advocate for some of the most vulnerable individuals in our community. Currently, Assembly Bill A05339 is being considered to provide this support and there is a push for the introduction and passage of a 'Same As' bill in the New York State Senate.

This legislation recognizes what we have known to be true all along; funding for Early Intervention services is inadequate and employs the covered lives assessment, which has long been supported by Early Intervention advocates. This legislation takes a new and unique approach in that it sets up a statewide pool, from which municipalities and the State would be allocated funds to pay for Early Intervention costs. In the first year, the bill stipulates \$40 million would be paid into the pool. The utilization of this pool would eliminate the inefficiency of requiring municipalities to seek reimbursement of Early Intervention costs from third party insurers or, in some cases, the State.

The necessity of this legislation is years in the making. In 2017, approximately \$70 million in claims was billed to commercial insurance with only about \$11.5 million paid from about 1.1 million services rendered. As a result, 70% of the claims were denied. The partial funding by the State, combined with the low rate of recoupment from third party insurers, has required municipalities to bear an estimated 43% of the costs of providing EI services. The creation of a statewide pool for funding Early Intervention services will go a long way in helping the families seeking services be able to afford and locate the help they desperately need.

Early Intervention is a complex program that impacts providers, service coordinators and families. The State is responsible for ensuring that funding and provider capacity is sufficient in order for counties to assign providers to a child's Individualized Family Service Plan. The prolonged and systematic underfunding of Early Intervention providers has driven smaller providers out of business and led to provider consolidation and increased wait times for parents.

Therefore, we ask you to join us in calling on the New York State Assembly to pass Assembly Bill A05339, the New York State Senate to introduce and pass 'Same As' legislation, and Governor Andrew Cuomo to sign these bills. As we continue to address the Early Intervention Crisis we are facing, it is important that municipalities have the necessary resources to help children who require services. This critical legislation will help streamline payment for services and stands to assist thousands of families across the state who are in need of the services Early Intervention provides.

Re: Memorializing the NYS Assembly to Pass A0510, A0512, A0517 and the NYS Senate to pass companion legislation for A0510, S03997, and S05085 respectively and the Governor to Sign and Authorize the "Child And Dependent Care Tax Credit Increase, Standardizing Childcare Copayments, and Reimbursement For Childcare Absences."

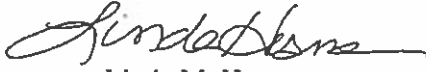

Honorable Legislators,

Many families in Monroe County with children or dependents rely on childcare to preserve their jobs. While these families face increasing costs for these services there seems to be no end in sight to this cost escalation. For many families covering the current cost is a significant financial strain and they may be faced with the choice between a parent's job and care for children or other dependents. Additionally, families receiving childcare subsidies contribute a percentage of the family's income above the federal poverty level as a copay for care. The percentage varies between counties ranging from 10- 35%. Families in counties at the higher end of the scale face additional barriers to making care affordable. Many counties currently employ the highest copayment level which can be a difference of thousands of dollars. This difference can be the deciding factor for a family to determine if they can afford childcare, even with a subsidy. These inequities can prevent access to childcare for many low-income families. Local human services agencies can also opt to withhold a portion of subsidy reimbursement from a provider for days in which a child is absent from care. While the state allows up to 12 days of absence for each child in any one calendar month, most counties choose not to pay providers when children do not attend. For many providers this can create financial hardship, difficulty with staff retention, and can affect the quality of care.

Childcare is a critical component of our economic infrastructure. This set of bills reflects the increasing costs of child and dependent care and helps New York's working families. These measures would help bring the state tax credit in line with these cost increases, would cap the childcare subsidy copay percentage at 20% of income above the federal poverty level, and would require local agencies to pay for at least six absences in order to maintain stability among childcare programs.

Therefore, I ask you to join me in memorializing the NYS Assembly to pass A0510, A0512, A0517 and the NYS Senate to pass companion legislation for A0510 and to pass S03997, and S05085 respectively, and the Governor to sign and authorize these three pieces of legislation.

Re: Memorializing the United States Senate to Pass S.1, For the People Act, and for President Joseph Biden to Sign Into Law

Honorable Legislators,

Counties are responsible for administering elections based on federal and state policies, and as such, we support S.1, For the People Act (FPA), which would reinforce these policies. In addition, the National Association of Counties (NACo) has included the strengthening of election security and safety as a policy priority for 2021.

The companion legislation (HR1, FPA), passed the U.S. House of Representatives on March 3, 2021 and was introduced in the U.S. Senate on March 17, 2021. The issues addressed in this legislation include voter suppression, disenfranchisement, partisan gerrymandering, ethics, election security, and foreign interference in our elections. The voting rights provisions would supersede new state laws that seek to suppress the right to vote and includes key provisions that make it easier and safer for every eligible citizen to vote. The bill would become effective for the 2022 congressional elections if the Senate acts now and President Biden signs it into law.

County government has the responsibility to ensure our elections are fair, safe, and secure. FPA would transform our democracy by making it fairer and more inclusive. It affirms the power of Congress to protect the right to vote and the power to enforce the Constitution, most notably in this case, the Fourteenth Amendment. In addition to the Fourteenth Amendment, S.1 also emphasizes the Fifteenth Amendment and gives Congress the power to eliminate racial discrimination in voting and the democratic process, which persists in areas like voting restrictions, redistricting, access to the polls, and felony disenfranchisement. Voting is a sacred right, and efforts to suppress voting and disenfranchise voters, particularly voters of color, would take the country back to the Jim Crow era. This legislation would provide better access, increased security and more flexibility, as well as federal investment in our elections system.

Therefore, we ask you to join us in memorializing the United States Senate to Pass S.1, For the People Act, and for President Joseph Biden to Sign it into Law.

Subject: Acceptance of a Grant from the Federal Aviation Administration (Coronavirus Response and Relief Supplemental Appropriations Act Grant Program) Related to the Operation and Maintenance of the Frederick Douglass - Greater Rochester International Airport

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the Federal Aviation Administration (Coronavirus Response and Relief Supplemental Appropriations Act Grant Program) in the amount of \$5,113,191 for payment of expenses needed to operate and maintain the Frederick Douglass - Greater Rochester International Airport.

The effects of COVID-19 continue to significantly reduce the airport revenue generated at the Frederick Douglass - Greater Rochester International Airport that is needed to pay operational and maintenance expenses. Last year, Resolution 163 of 2020 approved by Your Honorable Body, accepted a \$12.9 million grant to assist with the payment of these expenses. This new grant may be used by Monroe County for any purpose for which airport revenues may be lawfully used.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a \$5,113,191 grant from, and to execute a contract and any amendments thereto with, the Federal Aviation Administration (Coronavirus Response and Relief Supplemental Appropriations Act Grant Program) for payment of expenses needed to operate and maintain the Frederick Douglass - Greater Rochester International Airport.

2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not included new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2021 operating budget of the Monroe County Department of Aviation, Airport fund 9010, funds center 8101010000, Airport Administration.

This grant is 100% funded by the Federal Aviation Administration. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Enact a Local Law Establishing a Sustainable Energy Loan Program (OPEN C-PACE) in Monroe County and Authorize a Contract with Energy Improvement Corporation to Administer the Energize NY Open C-PACE Program

Honorable Legislators:

We recommend that Your Honorable Body enact a local law establishing a Sustainable Energy Loan Program (OPEN C-PACE) in Monroe County and authorize a contract with the Energy Improvement Corporation to administer this program for a period of ten (10) years commencing on or about July 1, 2021, with the option to renew for two (2) additional five-year terms.

The Commercial Property Assessed Clean Energy program, known as the Energize NY Open C-PACE Financing Program ("Open C-PACE") in New York, channels private capital to commercial and non-profit building owners to make energy upgrades to existing buildings or build new construction to higher energy standards. Open C-PACE enables building owners to improve their properties, lower operating expenses, and reduce energy consumption.

Open C-PACE differs from traditional bank loans as follows:

- Financing is available up to 100% of the project cost and may be combined with other financing.
- Competitive private financing from EIC-approved capital providers.
- Customizable loan terms up to the expected life of the improvements.
- Benefit assessment lien is subordinate to municipal taxes and senior to other liens (consent from mortgage holder is required).
- Automatically transfers to new owner upon sale of property.

Open C-PACE financing is a public benefit authorized by state law, with repayment secured through a benefit assessment lien on the improved property. The Energy Improvement Corporation ("EIC"), a non-profit, statewide local development corporation, administers Open C-PACE on behalf of its member municipalities. According to New York State Energy, Research, and Development Authority, EIC is the only authorized Open C-PACE program provider in Upstate New York. There are presently 61 member municipalities, including the City of Rochester.

To offer Open C-PACE, the County must pass a local law and sign an EIC municipal agreement. The County would have no fees to join the program, nor any financial exposure or responsibility to administer the program. Because the City of Rochester offers Open C-PACE within the City limits, the County's Open C-PACE Program would only be available to commercial and non-profit building properties within the County but outside the City municipal boundaries.

Once enabled, the County would provide the public benefit of Open C-PACE financing and EIC would administer the program. EIC would record the lien on the land records, bill the property owner directly, and administer collection of the payment. The capital provider would enforce the Open C-PACE lien only after paying any delinquent municipal taxes owed by the property owner to the municipality.

The specific legislative actions required are:

1. Schedule and hold a public hearing on the proposed Local Law.
2. Enact a Local Law establishing a Sustainable Energy Loan Program (OPEN C-PACE) in Monroe County.
3. Upon the effective date of the Local Law, authorize the County Executive, or his designee, to execute a contract, and any amendments thereto, with Energy Improvement Corporation, 2875 Route 35, Katonah, New York 10536, or any subsidiary or successor, to administer the Open C-PACE program for a period of ten (10) years commencing on or about July 1, 2021, with the option to renew for two (2) additional five-year terms.

This is a Type II Action pursuant to 6 NYCRR §6217.5(c)(26) ("routine continuing agency administration and management not including new programs or major reordering of priorities that may affect the environment") and (33) ("adoption of regulations, policies, procedures and local legislative decisions in connection with any action on this list") and is not subject to further review under the State Environmental Quality Review Act.

No net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither the Energy Improvement Corporation, nor its principal officer, Susan Morth, CEO, owe any delinquent Monroe County property taxes.

We recommend this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam Bello
Monroe County Executive

Sincerely,

Michael Yudelson

An Energize NY Open C-PACE Financing Program is hereby established by Monroe County, whereby EIC acting on its behalf pursuant to the Municipal Agreement, may arrange for the provision of funds by Financing Parties to Qualified Property Owners in accordance with the Enabling Act and the procedures set forth under this local law, to finance the acquisition, construction, reconstruction, and installation of Qualified Projects and Eligible Costs and Financing Charges approved by EIC and by the Financing Party under the Finance Agreement. EIC, on behalf of Monroe County, and with the consent of the Benefited Property Owner, will record a Benefit Assessment Lien on the Benefited Property in the Secured Amount (the “Benefit Assessment Lien”) on the land records of the Monroe County Clerk’s Office. Such recording shall be exempt from any charge, mortgage recording tax, or other fee in the same manner as if recorded by Monroe County.
- B. Before a Qualified Property Owner and a Financing Party enter into a Finance Agreement which results in a loan to finance a Qualified Project, repayment of which is secured by a

Benefit Assessment Lien, a written consent from each existing mortgage holder of the Qualified Property shall be obtained, permitting the Benefit Assessment Lien and each Annual Installment Lien to take priority over all existing mortgages.

§4. Procedures for eligibility

- A. Any property owner in Monroe County may submit an application to EIC on such forms as have been prepared by EIC and made available to property owners on the website of EIC and at Monroe County's offices.
- B. Every application submitted by a property owner shall be reviewed by EIC, acting on behalf of Monroe County, which shall make a positive or negative determination on such application based upon the criteria enumerated in the Enabling Act and § 5 of this local law. EIC may also request further information from the property owner where necessary to aid in its determination.
- C. If a positive determination on an application is made by EIC, acting on behalf of Monroe County, the property owner shall be deemed a Qualified Property Owner and shall be eligible to participate in the Program in accordance with § 6 of this local law.

§5. Application criteria. Upon the submission of an application, EIC, acting on behalf of Monroe County, shall make a positive or negative determination on such application based upon the following criteria for the making of a financing:

- A. The property owner may not be in bankruptcy and the property may not constitute property subject to any pending bankruptcy proceeding;
- B. The amount financed under the Program shall be repaid over a term not to exceed the weighted average of the useful life of Renewable Energy Systems and Energy Efficiency Improvements to be installed on the property, as determined by EIC;
- C. Sufficient funds are available from Financing Parties to provide financing to the property owner;
- D. The property owner is current in payments on any existing mortgage on the Qualified Property;
- E. The property owner is current on payments, with respect to the Qualified Property, on any real property taxes, municipal charges, and governmentally imposed assessments in respect of services or benefits, including the Monroe County Hotel Room Occupancy Tax, if applicable; and
- F. Such additional criteria, not inconsistent with the criteria set forth above, as the State, Monroe County, or EIC acting on its behalf, or other Financing Parties may set from time to time.

§6. Energize NY Finance Agreement

- A. A Qualified Property Owner may participate in the Program through the execution of a finance agreement made by and between the Qualified Property Owner and a Financing Party, to which EIC, on behalf of Monroe County, shall be a third-party beneficiary (the "Finance Agreement"). Upon execution and delivery of the Finance Agreement, the property that is the subject of the Finance Agreement shall be deemed a "Benefited Property").
- B. Upon execution and delivery of the Finance Agreement, the Benefited Property Owner shall be eligible to receive funds from the Financing Party for the acquisition, construction, and installation of a Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, provided the requirements of the Enabling Act, the Municipal Agreement and this local law have been met.
- C. The Finance Agreement shall include the terms and conditions of repayment of the Secured Amount and the Annual Installment Amounts.
- D. EIC may charge fees to offset the costs of administering the Program and such fees, if not paid by the Financing Party, shall be added to the Secured Amount.

§7. Terms and conditions of repayment. The Finance Agreement shall set forth the terms and conditions of repayment in accordance with the following:

- A. The principal amount of the funds loaned to the Benefited Property Owner for the Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, shall be specially assessed against the Benefited Property and will be evidenced by a Benefit Assessment Lien recorded against the Benefited Property on the land records of the Monroe County Clerk's Office. The special benefit assessment shall constitute a "charge" within the meaning of the Enabling Act and shall be collected in annual installments in the amounts certified by the Financing Party in a schedule provided at closing and made part of the Benefit Assessment Lien. Said amount shall be annually levied, billed, and collected by EIC, on behalf of Monroe County, and shall be paid to the Financing Party as provided in the Finance Agreement.
- B. The term of such repayment shall be determined at the time the Finance Agreement is executed by the Benefited Property Owner and the Financing Party, not to exceed the weighted average of the useful life of the systems and improvements as determined by EIC, acting on behalf of Monroe County.
- C. The rate of interest for the Secured Amount shall be fixed by the Financing Party in conjunction with EIC, acting on behalf of Monroe County, as provided in the Finance Agreement.

§8. Levy of Annual Installment Amount and Creation of Annual Installment Lien.

- A. Upon the making of the loan pursuant to the Finance Agreement, the Secured Amount shall become a special Benefit Assessment Lien on the Benefited Property in favor of

Monroe County. The amount of the Benefit Assessment Lien shall be the Secured Amount. Evidence of the Benefit Assessment Lien shall be recorded by EIC, on behalf of Monroe County, on the land records of the Monroe County Clerk's Office. Such recording shall be exempt from any charge, mortgage recording tax, or other fee in the same manner as if recorded by Monroe County. The Benefit Assessment Lien shall not be foreclosed upon by or otherwise enforced by Monroe County.

- B. The Finance Agreement shall provide for the repayment of the Secured Amount in installments made at least annually, as provided in a schedule attached to the Benefit Assessment Lien (the "Annual Installment Amount"). The Annual Installment Amount shall be levied by EIC, on behalf of Monroe County, on the Benefited Property in the same manner as levies for county charges and shall become a lien on the Benefited Property at midnight on the thirty-first day of December of the preceding year (the "Annual Installment Lien") and shall remain a lien until fully paid or otherwise satisfied or cancelled as provided by law. The creation or any recording of the Annual Installment Lien shall be exempt from any charge, mortgage recording tax, or other fee in the same manner as if recorded by Monroe County. Payment to the Financing Party shall be considered payment for this purpose. Such payment shall partly or wholly discharge the Annual Installment Lien. Delinquent Annual Installment Amounts may accrue Financing Charges as may be provided in the Finance Agreement. Any additional Financing Charges imposed by the Financing Party pursuant to the Finance Agreement shall increase the Annual Installment Amount and the Annual Installment Lien for the year in which such overdue payments were first due.
- C. The Benefit Assessment Lien shall be reduced annually by the amount of each Annual Installment Lien when each Annual Installment Lien becomes a lien. Each Annual Installment Lien shall be subordinate to all Municipal Liens, whether created pursuant to the RPTL, the Monroe County Tax Act, or by any other State or local law. No portion of a Secured Amount shall be recovered by Monroe County, EIC, or an assignee upon foreclosure, sale, or other disposition of the Benefited Property unless and until all Municipal Liens are fully discharged. Each Annual Installment Lien, however, shall have priority over all Non-Municipal Liens, irrespective of when created, except as otherwise required by law.
- D. Neither the Benefit Assessment Lien nor any Annual Installment Lien shall be extinguished or accelerated in the event of a default or bankruptcy of the Benefited Property Owner. Each Annual Installment Amount shall be considered a charge upon the Benefited Property and shall be collected by EIC, on behalf of Monroe County, at the same time and in the same manner as real property taxes or county charges. Each Annual Installment Lien shall remain a lien until paid. Amounts collected in respect of an Annual Installment Lien shall be remitted to EIC, on behalf of Monroe County, or the Financing Party, as may be provided in the Finance Agreement.
- E. EIC shall act as Monroe County's agent in collection of the Annual Installment Amounts. If any Benefited Property Owner fails to pay an Annual Installment Amount, the Financing Party may redeem the Benefited Property by paying the amount of all unpaid Municipal Liens thereon, and thereafter shall have the right to collect any amounts in

respect of an Annual Installment Lien by foreclosure or any other remedy available at law. Any foreclosure shall not affect any subsequent Annual Installment Liens.

F. EIC, on behalf of Monroe County, may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens to Financing Parties that provide financing to Qualified Properties pursuant to Finance Agreements. The Financing Parties may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens received from EIC, on behalf of the Municipality, subject to certain conditions provided in the administration agreement between EIC and the Financing Party. The assignee or assignees of such Benefit Assessment Liens and Annual Installment Liens shall have and possess the same powers and rights at law or in equity as Monroe County would have had if the Benefit Assessment Lien and the Annual Installment Liens had not been assigned with regard to the precedence and priority of such lien, the accrual of interest and the fees and expenses of collection. Notwithstanding the foregoing, no sale or assignment of a Benefit Assessment Lien and/or Annual Installment Lien shall be valid unless notice of such sale is recorded in the Monroe County Clerk's Office against the particular Qualified Property(ies) for which the Benefit Assessment Liens and/or Annual Installment Liens are being sold or assigned.

§9. Verification and report. EIC, on behalf of Monroe County, shall verify and report on the installation and performance of Renewable Energy Systems and Energy Efficiency Improvements financed by the Program in such form and manner as the Authority may establish.

§10. Separability. If any clause, sentence, paragraph, section, or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

Section 2. This local law shall take effect upon filing with the Secretary of State.

Subject: Amend the 2021-2026 Capital Improvement Program and the 2021 Capital Budget to Add a Project Entitled "Space Utilization and Renovation of CityPlace" and Authorize Financing for the Project

Honorable Legislators:

I recommend that Your Honorable Body amend the 2021-2026 Capital Improvement Program and the 2021 Capital Budget to add a project entitled "Space Utilization and Renovation of CityPlace" in the amount of \$9,000,000, and authorize financing for the project in the amount of \$9,000,000.

The Department of Environmental Services, in conjunction with the Division of Real Property Tax Services, performed a space utilization analysis in 2017, with a focus on the office space and functions in the Executive Building (36 West Main Street), CityPlace (50 West Main Street), and the Wegman Building (80 West Main Street). A goal of the space utilization study was to maximize the occupancy of owned office space versus leased office space. Based on the amount of office space that the occupants of the Wegman Building (leased) require, and the availability of office space in CityPlace (owned), this project will identify and renovate the necessary office space in CityPlace in order to relocate staff of the Conflict Defender's Office, Pre-Trial Services, and the Office of Mental Health from the Wegman Building to CityPlace.

This project was considered and approved by the Monroe County Planning Board on March 25, 2021.

The specific legislative actions required are:

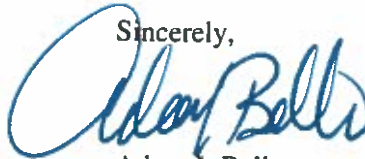

1. Amend the 2021-2026 Capital Improvement Program to add a project entitled "Space Utilization and Renovation of CityPlace" in the amount of \$9,000,000.
2. Amend the 2021 Capital Budget to add a project entitled "Space Utilization and Renovation of CityPlace" in the amount of \$9,000,000.
3. Authorize financing for the project entitled "Space Utilization and Renovation of CityPlace" in the amount of \$9,000,000.

This action is a Type II Action pursuant to 6 NYCRR §617.5(c)(1) (“maintenance or repair involving no substantial changes in an existing structure or facility”) and (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be included in the capital fund to be created and any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(3) (“retrofit of an existing structure and its appurtenant areas to incorporate green infrastructure”) and (9) (“construction or expansion of a primary or accessory/appurtenant, non-residential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with local land use controls, but not radio communication or microwave transmission facilities”) and is not subject to further review under the State Environmental Quality Review Act.

Subject: Authorize an Intermunicipal Agreement with the City of Rochester to Accept Pass Through Funding from the United States Department of Justice for the 2020 Edward Byrne Memorial Justice Assistance Grant Program

Honorable Legislators:

I recommend that Your Honorable Body authorize an intermunicipal agreement with the City of Rochester to accept pass through funding from the United States Department of Justice in the amount of \$64,310 for the 2020 Edward Byrne Memorial Justice Assistance Grant Program for the period of October 1, 2019 through September 30, 2023.

This grant will be used to continue partial funding of the salaries of two (2) Probation Officers who provide increased supervision to high-risk probationers with gang association and a history of violence through Operation Nightwatch. Reduced caseloads allow officers to invest more time in these cases, establish a rapport with the probationer and their families, and work with the probationer to eliminate risk factors associated with recidivism. Unannounced nighttime curfew checks, in collaboration with Rochester Police, provide accountability for Probation conditions. This collaboration brings the Rochester Police Department into homes or locations where the probationer frequents in a different context, and allows them to be part of the restorative process that is inherent in Probation work. This is the twenty-second year that Monroe County has received funding for this program. This cycle's funding represents a decrease of \$7,090 from the previous grant.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with the City of Rochester to accept pass through funding from the United States Department of Justice in the amount of \$64,310 for the 2020 Edward Byrne Memorial Justice Assistance Grant Program for the period of October 1, 2019 through September 30, 2023.

2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.
3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This is a Type II action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this grant is included in the 2021 operating budget of the Department of Public Safety, Office of Probation and Community Corrections, general fund 9001, funds center 2403040000, General Supervision.

This grant is 100% funded by the United States Department of Justice. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for replacement of a box culvert that allows a class C stream to flow under English Road and easement acquisition for right-of-way related to this roadwork. Although, no moderate to large impacts have been identified on the project site, it is host to both a stream and wetlands that need be evaluated for adverse environmental impacts.

Replacement and rehabilitation of the existing box culvert may temporarily impact the stream and wetlands. All disturbance will be temporary, limited to the period of construction, and will not encroach on or permanently alter existing nearby wetlands. Site visits have confirmed that no federal wetlands or state mapped wetlands or wetland checkzones are located in or adjacent to the proposed project and construction area. Additionally, Monroe County anticipates a Protection of Waters Permit to engage in stream disturbance pursuant to New York State Law. Monroe County will follow all requirements to work in the stream, including time constraints, and remedial measures that are required by the New York State Department of Environmental Conservation. Accordingly, after consideration of the potential impacts to the stream and wetlands, it has been determined that no significant adverse environmental impacts from this action will occur.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

This will be the 56th year that MCH and the University have maintained an affiliation agreement for physician services for patients of MCH. The provision for medical services to be provided to MCH through this contract is permitted pursuant to Section C6-17(B)(5) of the Monroe County Charter. Through the contract, the University will provide all of the medical services for MCH required by the New York State Department of Health. The contract will include a Medical Director and medical staff to develop and monitor standards of medical practice within MCH, and coordinate patient care and all related issues with MCH Administration.

A Request for Proposals was issued with the University of Rochester Medical Center selected as the most qualified to provide this service.

The specific legislative action required is to authorize a contract with the University of Rochester Medical Center, 601 Elmwood Avenue, Rochester, New York 14642, to provide medical services for Monroe Community Hospital in the amount of \$2,501,323, for the period of May 1, 2021 through April 30, 2022, with the option to renew for four (4) additional one-year terms at a rate of increase not to exceed 2.25% per year.

Subject: Amend the 2021-2026 Capital Improvement Program and the 2021 Capital Budget to Add a Project Entitled "Energy Improvement Equipment Acquisition" and Authorize Financing for the Project

Honorable Legislators:

I recommend that Your Honorable Body amend the 2021-2026 Capital Improvement Program and the 2021 Capital Budget to add a project entitled "Energy Improvement Equipment Acquisition" in the amount of \$12,900,000 and authorize financing for the project in an amount not to exceed \$12,900,000.

By Resolution Nos. 128 of 2013, 217 of 2013, 115 of 2017, and 116 of 2017, Your Honorable Body authorized certain energy improvement projects at the Monroe County Correctional Facility, the Monroe County Civic Center Complex, and various facilities of the Rochester Pure Waters District. The acquisition and installation of the energy improvement equipment was financed under agreements with New York Power Authority ("NYPA") as variable rate loans, with each of the interest rates adjusted annually on January 1 based on NYPA's cost of borrowing.

NYPA's changing financial position has resulted in their demand that Monroe County refinance the existing loan from outside sources. The fixed-rate financing program recommended by NYPA, however, includes interest and fees exceeding what Monroe County could obtain on the open market under current economic conditions. As such, we are requesting authority to issue County general obligation bonds to purchase the energy improvement equipment currently securing the NYPA loans.

To avoid issuing bonds over a longer period than the remaining loan terms, the annual bond maturities will be structured to closely resemble the current loan repayment schedule.

This project is scheduled to be considered by the Monroe County Planning Board on April 29, 2021.

The specific legislative actions required are:

1. Amend the 2021-2026 Capital Improvement Program to add a project entitled "Energy Improvement Equipment Acquisition" in the amount of \$12,900,000.

110 County Office Building • 39 West Main Street • Rochester, New York 14614

(585) 753-1000 • fax: (585) 753-1014 • www.monroecounty.gov • e-mail: countyexecutive@monroecounty.gov

2. Amend the 2021 Capital Budget to add a project entitled "Energy Improvement Equipment Acquisition" in the amount of 12,900,000.
3. Authorize financing for the project entitled "Energy Improvement Equipment Acquisition" in an amount not to exceed \$12,900,000.

The legislative action is a Type II action pursuant to 6 NYCRR §617.5(c)(29) ("investments by or on behalf of agencies or pension or retirement systems, or refinancing existing debt") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be included in the capital fund to be created and any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Amend Resolution 431 of 2020, as Amended by Resolution 24 of 2021, Authorize Contracts for the Provision of Mental Health, Developmental Disability, and Alcoholism and Substance Abuse Services in 2021 for the Monroe County Office of Mental Health

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 431 of 2020, as amended by Resolution 24 of 2021, authorizing contracts for the provision of Mental Health, Developmental Disability, and Alcoholism and Substance Abuse Services in 2021 from an amount not to exceed \$40,120,086 to an amount not to exceed \$41,120,086 for the period of January 1, 2021 through December 31, 2021.

The FIT program was established in September 2017 as a partnership between the Monroe County Office of Mental Health and every law enforcement agency in Monroe County. Its purpose is to provide mental health intervention to individuals who come into contact with law enforcement. The goal is to de-escalate crisis situations and avoid unnecessary emergency department visits and arrests. FIT program staff respond to 9-1-1 calls jointly with law enforcement and also separately respond to referrals and make follow-up visits to individuals as needed. Since its start, the program has resulted in a significant number of individuals being diverted from repeated law enforcement contacts and emergency department visits, while becoming connected to treatment and supports.

With this requested additional funding, Coordinated Care Services, Inc. will expand the FIT Program by hiring twelve (12) additional Mobile Forensic Specialists. Additional positions will be added to the program through other funding sources.

The specific legislative action required is to amend Resolution 431 of 2020, as amended by Resolution 24 of 2021, authorizing contracts for the provision of Mental Health, Developmental Disability, and Alcoholism and Substance Abuse Services in 2021 from an amount not to exceed \$40,120,086 to an amount not to exceed \$41,120,086 for the period of January 1, 2021 through December 31, 2021.

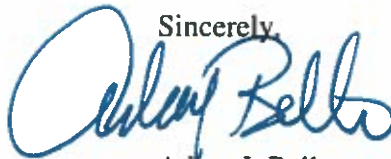

This action is a Type II Action pursuant to 6 NYCRR 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract increase is included in the 2021 operating budget of the Department of Human Services, general fund 9001, funds center 5702010000, Mental Health Services. No additional net County support is required in the current Monroe County budget.

Coordinated Care Services, Inc. is a not-for-profit agency and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Enact a Local Law Amending the Code of Ethics of the County of Monroe

Honorable Legislators:

We recommend that Your Honorable Body enact a Local Law amending the Code of Ethics of the County of Monroe (the "Code of Ethics") to address harassment and sexual harassment involving members of the public and limit County employees and officers from doing business with the County during and after their employment or term.

Monroe County follows all federal and state laws regarding harassment and sexual harassment in the workplace, and requires its officers and employees to pursue a course of conduct which will not raise suspicion among the public that they are likely to be engaged in acts that are in violation of the public's trust. However, it is critical for the County to demonstrate that sexual harassment, unwanted sexual attention, and degrading or abusive behavior can never be tolerated. It is the responsibility of this Honorable Body to build a culture of respect and dignity for all persons, including the residents we serve.

This amendment to the Code of Ethics makes it clear, in no uncertain terms, that County officers and employees that engage in harassment or sexual harassment are in violation of the Code of Ethics. Through this amendment, Monroe County is affirmatively stating that any harassment, including towards members of the public, will not be allowed. The amendment also expressly empowers the Board of Ethics to fully investigate complaints or allegations it receives regarding harassment or sexual harassment. Last, this amendment to the Code of Ethics limits County employees and officers from doing business with the County during and after their employment or term.

The specific legislative actions required are:

1. Schedule and hold a Public hearing on the proposed Local Law.
2. Enact the Local Law amending the Code of Ethics.

The legislative action requested in this referral is not an "Action," as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

This Local Law will have no impact on the revenues or expenditures of the current Monroe County budget.

We recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.
